## Customer Reviews

I like everything Art Deco. The artwork is varied enough but I've found repeats in other Dover books. But for the price and freedom for use. Can't really beat it.

I like art deco and this book had lots of different alphabets in this style. I'm sorry to say I haven't read how to use them yet, but I did like the book.

If you're excited about Art Deco designs - you'll be excited about this book. Nearly 1200 designs (although the majority are a variety of alphabet styles) that can be used in your own project work. Very cool.
