# These Happy Golden Years CD (Little House)

## Synopsis

The eighth book in Laura Ingalls Wilder's treasured Little House series, and the recipient of a Newbery Honor. Fifteen-year-old Laura lives apart from her family for the first time, teaching school in a claim shanty twelve miles from home. She is very homesick, but she knows that her earnings can help pay for her sister Mary's tuition at the college for the blind. Only one thing gets her through the lonely weeks—every weekend, Almanzo Wilder arrives at the school to take Laura home for a visit. Friendship soon turns to love for Laura and Almanzo. The nine Little House books are inspired by Laura's own childhood and have been cherished by generations of readers as both a unique glimpse into America's frontier history and as heartwarming, unforgettable stories.

Grade 4-6—Children will enjoy hearing Tony Award-winning narrator Cherry Jones read Laura Ingalls Wilder's stories about her family and her life on the prairie almost 125 years ago in this eighth book in the Laura Years series. Laura is 16 years old, teaching school, and working at local stores to make extra money to help her family send her blind sister to school. She and her girlfriends enjoy sleigh rides, buggy rides, and singing school. But will she decide the time is right to settle down in her own little house with Almanzo Wilder, who courts her throughout the book? This

sweet tale about teenage life, first love, and new responsibilities has stood the test of time. The narration is pitch-perfect, and the music provided by Paul Woodiel brings Pa's fiddle to life. An excellent choice for school and public library collections. — Casey Rondini, Hartford Public Library, CT Copyright © Reed Business Information, a division of Reed Elsevier Inc. Laura is teaching school, and it's terrifying! Most of the students are taller than she is, and she must sleep away from home for the first time. Laura is miserable, but the money is needed to keep Mary in a college for the blind. And every Friday — no matter what the weather — Almanzo Wilder arrives to take Laura home to her family for the weekend. Laura and Almanzo are courting, and even though she's not yet sixteen, she knows that this is a time for new beginnings. These Happy Golden Years is the eight book in the Laura Years series.

This is more comfortable and stays in place well, compared to another strap I tried. Very adjustable.

The product I received was the EasySleepPro, and came without any instructions. It looked the same as the pictures of the SleepWell, and from the ad pictures I figured out how to put it on. I do have obstructive sleep apnea, and use a C-Pap machine. Also, I have a full beard. Initially, I was making too tight a fit, but using it now for a full week my wife reports no more snoring, or drooling on the pillow. Sleeping is good.

It worked very well to reduce snoring, once I figured out how to use it. (I would have expected instructions with it.) The problem was that after about a week I started to develop a rash. No surprising for me; I have a lot of skin allergies. I wish I could keep using it but I can't.

I've tried everything. This stopped my snoring the very first time I tried it. No pulling on my tongue, etc. I open my nostrils with a nasal insert, Neti pot my sinus, put on this chin strap and I sleep so incredibly much better. No snoring immediately. What this chin strap does is gently prevent you from breathing through your mouth and, again gently, forces you to breath through your nostrils. Sleeping on my back works best.

This wouldn't adjust large enough for me to sleep in it, and I'm not a person with a large head. It rubbed my cheeks and I found it uncomfortable.

Too much trouble to adjust. Couldn't get it right. Seemed like comfortable material, but had to return it.

Helps keep me from snoring. I wear it not because my snoring bothers my wife but because it may be starve my brain of oxygen, and that is what caused this awful neuropathy that afflicts me. .

This strap causes a rash on my face. It feels like an allergic reaction. I've stopped using it.
