Customer Reviews

This has been a great go to series. When I started, I didn't know it would become so much a part of my library ad it has but I truly can't wait for the next one to come out each time I finish one.

Wow didn't see that coming.Just when u think you know the whole story a bomb drops. What a

twist, very exciting book never boring. Love love love this series.

I didn't like as much as some of the previous books in this collection.... but still kept my interest. Looking forward to future books in this collection.

I loved this series. Book 6 is fully of mystery and mayhem. Can hardly wait for the next book. Amazing reading!!!-

Keeps you turning pages, from the first story to the last you have to wonder...will they, their love and their family survive?

The story like the plots. It all is so exciting and addicting. I can't wait for Phillip to get what's coming to him and then save and turn back into the man he was.

This series keeps getting better and better! The change and growth of each main character has me at the edge of my seat!!! And the addition of new players in the mix has definitely stumped me!! Hurry and release #7!!!

I couldn't put the book down. It was a page turner. Hope things work out between Eleira and Raul. And Phillip needs to get his head screwed back on straight I don't like who he has become.
