## Customer Reviews

Kindergarten-Grade 2—These books offer character education with a new twist: they include activities that young children can actually do. The first book explains that taking action like picking up trash and planting flowers are ways to be a good citizen. Next, the author suggests that giving back found money and keeping an eye on your sister even when playing with friends are ways to indicate trustworthiness. Responsible and Fair follow the same approach. The simple, nonpreachy texts and bright acrylic illustrations in crayon colors demonstrate how to be fair, trustworthy, a good citizen, and responsible. Worthy additions for libraries needing this type of material.—Pamela K. Bomboy, Chesterfield County Public Schools, VA Copyright © Reed Business Information, a division of Reed Elsevier Inc. I bought this book because it's on my daughter's kindergarten reading list. I like the book itself, but feel it is overpriced. I would have explored similar books for a less pricey alternative had this one not been part of our curriculum.

Ordered for school project

This book is a quick way to illustrate the concept of Citizenship with primary aged students. Students easily identified with ways they could show citizenship in their classroom, school and neighborhood communities.

Very easy to 6 years old understand it.

Book is as described.

Used with our K-1 classes - Great!

Good resource for use in primary grade classrooms

Great book to teach my first graders citizenship.
