Polymer Clay Jewelry For Beginners

Synopsis

Learn the beginner techniques in order to create professional jewelry using polymer clay and a few basic tools and findings. These are the initial techniques a beginner needs to know in order to plan, design, construct, string and finish any jewelry item or line of jewelry. This is the book to get if you are thinking of creating your own line of jewelry and need to know how to differentiate yourself. This is the book to get if you want to know the first 10 things you need to know in order to make any polymer clay jewelry items. Includes how to securely embed hanging wires, how to create your own push molds, how to string beads, how to make your own paper beading tray and lots more.

Customer Reviews

I have been working with polymer clay for one year after taking a beginner class series. I can make the components but get stuck designing the jewelry. This books some very basic instructions that provide a framework from which to proceed. It was very helpful to me.
