Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I thought the music would be easier.

Piano players looking to expand their repertoire often have the following choice: do I want to pay \$4 for the sheet music to one one song, or are their enough songs in any given songbook to justify the price. I think I added about 6 songs from this book to my practice or performing repertoire, so I'm satisfied. My favorite popular music sheet music will show the music, the chord and the guitar tablature, and this fits the bill.

I had to get this. I found a copy in the library and at least 30 songs I hoped to learn and sing to.It has

a wonderful selection of songs, and many of them are easy chords which I need. I recommend the book.

The piano book came in great shape in record time! It had the best spiral binding that makes it great for me as a piano player! David
