Nice Girls Don't Live Forever: Half-Moon Hollow, Book 3

Synopsis

UNEXPECTED UNDEAD BREAK-UP Nothing sucks the romance out of world travel like a boyfriend who may or may not have broken up with you in a hotel room in Brussels. Jane Jameson's sexy sire Gabriel has always been unpredictable, but the seductive, anonymous notes that await him at each stop of their international vacation, coupled with his evasive behavior over the past few months, finally push Jane onto the next flight home to Half Moon Hollow -- alone, upset, and unsure whether Gabriel just ended their relationship without actually telling her. Now the children's-librarian-turned-vampire is reviving with plenty of Faux Type O, some TLC from her colorful friends and family, and her plans for a Brave New Jane. Step One: Get her newly renovated occult bookstore off the ground. Step Two: Support her best friend, Zeb, and his werewolf bride as they prepare for the impending birth of their baby...or litter. Step Three: Figure out who's been sending her threatening letters, and how her hostile pen pal is tied to Gabriel. Because for this nice girl, surviving a broken heart is suddenly becoming a matter of life and undeath.... --This text refers to the Mass Market Paperback edition.

*SPOILER FREEThe Series in ONE Sentence: Fun and Hilarious from beginning to end!! love a nice funny book, specially one with paranormal elements and Molly Harper's Jena Jameson series definitely gives us that and more. The Jane Jameson series is one of my favorite series ever and finding out that there will be a fourth book made my year!Jane Jameson's story is reminiscent of

Mary Janice Davidson's Queen Betsy, where a comedic series of errors results in a Jane turned into a vampire and trying to deal with her new situation. Add her HOT sire, Gabriel, her best friend and the ghost of her grandmother and you have a laugh out loud series that you will not want to put down. Molly Harper's genius is in the characters, she has build them and their relationships so well that you can't help but give yourself over to Jane's small town world. Let's not forget the wit, this series has "Gilmore Girls-style" fast and witty talk that had me laughing my a** off in almost every single page. I felt for Jane's plea and I wanted to bash her head against the wall innumerable times. She is hardheaded, paranoid and flat out annoying most of the time, but she is also fun, hilarious, loyal and extremely lovable. Let's not forget the secondary characters. Jane is great, but without her friends, family and her new paranormal acquaintances where would her funny quips bounce off of and who would they all make fun of? If you are a fan of the Queen Betsy series, you absolutely have to read this one, and dare I even to say that I prefer this series over Betsy's? There is something so fresh and comforting about reading this series, that I can't recommend it enough! Originally Posted at Welcome to Larissa's Bookish Life [...]

Jane Jameson, former librarian and newly turned vampire is on the trip of a lifetime, touring Europe with her boyfriend /sire. Well it would be the perfect trip if she could get Gabriels attention for more than five minutes. Between the mysterious "business" calls that take him away for hours at a time, the letters that are waiting at each new destination and Gabriels evasive answers, Jane fears he's having an affair. When she suggests maybe he would be better off if she just went home, Gabriel agrees with her. Now shes heading home for Kentucky unsure if they are still a couple or not. So she does the only thing she can, she throws herself into making her new business a success. Which means joining the local Chamber of Commerce, and the invasion of "the pink Courtneys". And her hateful older sister Jenny. The former owner of the bookstore, Mr. Waynewright's only living relative, his nephew Emery finally shows up four months late to collect his inheritance. And to subject Jane to his very unasked for opinions. And he decides the bookstore can't do without him. Jane and her staff on the otherhand most definitely can do without him. Jane also starts getting letters that are very similar to the ones Gabriel was getting in Europe. Signed by a woman named Jeanine. Who seems to be in love with Gabriel and she wants Jane dead. Just in case that wasn't enough on

Jane's plate, her best friend Zeb and his werewolf wife learn she's expecting a baby. Or maybe more. This was a fun book to read, laugh out loud funny in spots. I love this series and would highly recommend it if you want a humorous, light paranormal romance.

Review by Cassandra from Book Talk After the drama of Jane's new undead life, she decides to travel the world with her hunky sire/boyfriend Gabriel. After constant suspicious behavior, mysterious notes, and the distance between them growing Jane decides to head back to Half Moon Hollow and the comfort of her friends. In her new frame of mind on her relationship, Jane decides to get her life back on track. With her new bookstore opening, Zeb's impending fatherhood, and mysterious letters arriving from a stalker, Jane has her hands full. Add on to all that, Gabriel is still keeping secrets from her that could mean the real death for her. Will Jane and Gabriel work things out? Will Jane find out who the mystery note writer is? Will everyone survive this new threat? I really enjoyed this book too. Jane's heartbreak was so real to me. We have all gone through the same thing just not in quite the manner she does. Despite that, Jane is resilient and picks herself back up to have a normal(ish) life. It's very amusing reading of her antics with other characters and the other characters in this series have become near and dear to me also. There are some somewhat steamy encounters in this book but it's mostly about Jane trying to live her undead life as best she can while dealing with some crazy people. I recommend this book and series to any paranormal lover and those who just love a more lighthearted series.

Any time I fall into a reading slump, where book after book bore me and I start to feel like I'm doomed to read nothing but mediocre plots with half formed characters, I then pick up a Molly Harper book. Her books never fail to make me laugh out loud. I love her characters, the wit, the plot lines. I recommend her books to everyone who asks, "Who is your favorite author?" Honestly, I don't have a favorite author but her books are always worth reading to me. Review: Jane is having trust issues in her relationship. Add to that the weaselly nephew of Mr. Wainright showing up, her family drama, a psychotic stalker, a Stepford-type group of Chamber of Commerce Courtneys, and the grand opening of Specialty Books it all adds up to a great read. I laughed out loud, I groaned in sympathy and I basically loved every minute of it. The gangs all here. I recommend this book and every other book by this author.
