Synopsis

Audie Award Winner, Erotica, 2015 The first time it happened, it seemed like an impossible miracle. Bills were piling up, adding up to more money than I could ever make. Mom's hospital bills. My baby brother's tuition. My tuition. Rent. Electricity. All of it on my shoulders. And I had just lost my job. There was no hope, no money in my account, no work to be found. And then, just when I thought all hope was lost, I found an envelope in the mail. No return address. My name on the front, my address. Inside was a check, made out to me, in the amount of 10 thousand dollars. Enough to pay the bills and leave me some left over to live on until I found a job. Enough to let me focus on classes. There was no name on the check, just "VRI Inc.", and a post office box address for somewhere in the city. No hint of identity or reason for the check or anything. No mention of repayment, interest, nothing...except a single word, on the notes line: "You". Just those three letters. If you received a mysterious check, for enough money to erase all your worries, would you cash it? I did. The next month, I received another check, again from VRI Incorporated. It too contained a single word: "belong." A third check, the next month. This time, two words. Four letters. "To me." The checks kept coming. The notes stopped. Ten thousand dollars, every month. A girl gets used to that, real quick. It let me pay the bills without going into debt. Let me keep my baby brother in school and Mom's hospice care paid for. How do you turn down what seems like free money, when you're desperate? You don't. I didn't. And then, after a year, there was a knock on my door. A sleek black limousine sat on the curb in front of my house. A driver stood in front of me, and he spoke six words: "It's time to pay your debt." Would you have gotten in? I did. It turns out \$120,000 doesn't come free.

Book Information

Audible Audio Edition

Listening Length: 11 hours 49 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Seth Clarke

Audible.com Release Date: May 27, 2014

Whispersync for Voice: Ready

Language: English

ASIN: B00KDOVHKK

Best Sellers Rank: #29 in Books > Audible Audiobooks > Romance > Suspense #85

Customer Reviews

I am not sure what I expected with this book, but it wasn't what I got! Let me start with the first part of the book. The build-up to Kyrie being "collected" for her debt is pretty good. It gets you wondering. Your interest has been piqued. Once she is taken, the book turns a little. Mr. Roth is a private man. He doesn't do public appearances. He is a man of many "talents". His empire has built on legal and not-so-legal ventures over the years. He has a connection to Kyrie that he is not ready for her to know. The idea of blind-folding her is a bit extreme, but fits his personality. Kyrie has to earn getting the blindfold off. Both parties need to be able to trust one another before this happens. I expected her to have the blindfold on for much longer than she did. Then again, it would have made the book drag. Once Mr. Roth lets the secret out about how he and Kyrie are connected, she does what anyone would do| she flees. I was actually expecting the secret to be held for much longer than it had. I still think it should have. I almost wanted her to find out herself. I am not going to discuss what happens after Kyrie flees from Mr. Roth; that would be giving too much away. If you like hot, steamy sex and lots of it, this is the book for you. It is not lacking in this department at all! Overall, even though I expected things to play out differently than they did, this book is so well-written, one cannot help but to like it, if not love it! The main reason for 4-stars instead of 5-stars is because of the sex. Well, not the sex itself, but the amount of sex. I wanted to see a little more of a mental connection than just the sexual connection between these two characters.

I have read many of Jasinda's books and when I saw that Alpha was on sale in the Kindle Store I had to snatch it up! I will now be buying the rest of the series. Again she has sucked me into her character's world. I enjoy how she gives you just enough details about the characters that you either fall in love with them or despise them. There is no inbetween. She has a way with describing settings and people that make it so easy to visualize while you are reading. I was surprised that she did not talk about music as much with this book as she does in most. Otherwise this book is a typical Jasinda book and if you like her other ones you will love this one. As far as the story goes I was sucked in by the second chapter! I wanted to know what was going to happen and hated that I had to put it down. I enjoyed all characters and how their story has played out thus far! I can not wait to read the next book and see what happens. I did purchase this book when it was on the kindle

store for free with prime. I am hoping the others go on discount as well!

Let me preface this by saying, I read almost all genres, but if a book isn't any good (particularly if it is free or I checked it out from the library) I will not finish it and I move on to the next. I finished this book, quickly. It was hot. It was steamy. Kyrie grows on you. I like that she is practical and strong willed. Valentine has a way with words. There were even a few funny parts like where Kyrie asks Valentine what is wrong with him that he has to blindfold her and hide his identity from her, and then when he reveals himself. So I guess Kyrie has a way with words, in her own way. Yes, I guessed what Valentine's secret was from the beginning, but I had no clue as to the why and I think the author handled it well. It is a somewhat unique storyline, compared to other romance, erotica, and chick lit books I've read. And in a genre that has so many "classic" story types (secret baby, marriage of convenience, best friend's brother, etc.), to find a book that wasn't like other books that I have read is exciting. It is well edited, so I didn't feel like banging my head on the wall from typos or grammar. It was an easy read. It is brain junk food, the good kind.

I am and always will be a huge fan of Jasinda Wilder. I have added this book to the long list of her books that have brought me to my knees as I praise her talent. Her ability to draw me into these worlds she creates is just amazing. It had been a few weeks since I had been able to pick up a new book and get lost in it. I have been in a reading rut so I spent my days rereading books that I know I love. I needed to get lost in them so I returned to some of my fall backs. Then I stumbled upon a new release post and figured okay let's do this Jasinda Wilder has never let you down; you know she's going to pull you right in and give you exactly what you need. I clicked on the link and made my way to one-clicking, Alpha. I opened the book and instantly got lost in their world. Kyrie and her "benefactor" will captivate you with their connection. They possess a level of passion for each other that will set you on fire. In the beginning you will be captivated by the mystery and the suspense and fear of the unknown. Kyrie's connection to him, even without sight, just a feeling and the sound of his voice is amazing. When the relationship progresses the connection becomes deeper and the sex is off the charts HOT. There are parts of this book that will leave wanting and aching for more. Jasinda Wilder is a brilliant author and has a way of pulling you into a scene that you feel like you're standing right next to them and watching this all play out. As the connection between these characters grow you feel their love and desire for one another. When all the secrets are told the world as they know it will be flipped upside down. They will shock you and leaving you thinking what would I do? Neither of them know if they are coming or going or which

way is up or down. They need each other like they need air to breathe. This story will leave you tied up in knots at points. It will also leave you scratching your head and wondering what would you do in that situation. Is it safer to follow your heart or your head? Can you get over the one thing that altered your future forever and be possessed by the one who holds your heart? Jasinda Wilder

I'm pretty sure you need to include a *panty changing* disclaimer in this book. I'm not sure I will ever recover from the shower scene.
