# Understanding Belize: A Historical Guide

## **Synopsis**

Tiny, island-dotted Belize, perched on the Caribbean, south of Mexico and east of Guatemala, is a fascinating blend of Creole, Mestizo, Maya, Garifuna, English, East Indian, Mennonite, Lebanese and Chinese cultures. With its colonial background (English remains the official language) and a history of fending off its Latin neighbours, Belize has emerged as a relatively stable democracy that is as much Caribbean as it is Central American. In *Understanding Belize*, Alan Twigg tells the story of the country, from its bizarre early days as a haven for pirates, through its colonial period as British Honduras, to its new status as an ecotourism mecca and a hotspot for Mayan archaeology. This lively history includes original photos, a comprehensive timeline and a feature on nation founder George Price, the longest serving democratically elected leader in history. *Understanding Belize* is an eye-opening alternative to the glossy tourist brochures. Lobster-and-orchid-rich Belize looks great from a hammock on Ambergris Caye, the place that inspired Madonna's song "La Isla Bonita," but don't go buying that seaside lot until you learn more about this beautiful--but problematic--paradise from the author of *Cuba: A Concise History for Travellers*.

## **Book Information**

Paperback: 240 pages

Publisher: Harbour (May 26, 2006)

Language: English

ISBN-10: 1550173251

## **Customer Reviews**

Alan Twigg is the publisher and editor of BC Book World, Canada's largest-circulating publication about books. He has also been contributing editor of *Quill & Quire*, Canadian books columnist for the Vancouver Province, books columnist for Vancouver magazine, a contributor of profiles to the Toronto Star and the Writers Union of Canada representative on the board of directors of the Canadian Centre for Studies in Publishing. In 2000, he was the first recipient of the Gray Campbell

Distinguished Service Award for outstanding contributions to literature and publishing. In 2016, he received the Lieutenant Governor's Award for Literary Excellence. Alan is the author of ten previous titles including *For Openers: Conversations with 24 Canadian Writers*, *Hubert Evans: The First Ninety-Three Years*, *Vancouver and Its Writers*, *Vander Zalm: from Immigrant to Premier*, *First Invaders: The Literary Origins of British Columbia* and *Cuba: 101 Top Historical Sites*.

I purchased this book for my brother before his recent trip to Belize. When I received it I glanced at it to make sure that it would be useful to him. I actually found myself becoming interested in Belize from the small portions I read and I've been meaning to borrow it back from him. But anyways, my brother started the book before he left and he finished it on the plane to Belize. He found the book fascinating and said that it really enhanced his trip because he had so much more background on the country and culture. From what we'd seen online, the internet is filled with pieces of Belize culture and history, but this seems to be the best at bringing it all together. I'd definitely recommend it if you're going to be visiting Belize and want to improve your experience.

A good broad explanation of Belize and the path it took to independence. The writer is sometimes disjointed in the way the book is laid out. As an expat I found that the opinions on the politics are just opinions. While the service of George Price was invaluable to Independence, the author spends most of his writing focusing on the old and more liberal PUP party and doesn't give enough information on the UDP and new VIP parties. Overall, if you are looking for information about the early days of Belize and the conflict with Guatemala and the domination by Great Britain then this book is for you.

My husband and I own property in Belize and spend 6-8 months a year there. It is interesting and beneficial to know more about the history and cultural beginnings of this beautiful little Caribbean country. This book covers history back hundreds of years! It may be more than I wanted to know but educational just the same.

Great historical view of the place I am now about to move to. Have been there 4 times since I read it and helps with the background. Love this place and love this book.

I am writing a novel that will end in Belize. I found Mr. Twigg's historical review of Belize to be informative and very helpful. When writing about a location, knowing the history is imperative. Millie

West, author

Very poorly written and lacking in depth. Probably worth reading since there isn't anything else on the topic, but maybe not. Maybe Wikipedia would be enough.

This book proved very helpful and informative on my trip to Belize.

Was great. In great condition. Exactly what I wanted
