How To Write Descriptions That Sell Used Books On : Easy Ways To Make More Money Selling Used Books On With Simple Copywriting Templates (Sell Books Fast Online Book 1)

Synopsis

Did you know writing great descriptions of your used books can help them sell faster and for higher prices on Amazon? Many sellers don't realize this. Most just copy and paste the same vague description on all their used book listings or don't describe their books at all. Yet by passing up the chance to spotlight key features of their books, they're ignoring one of the easiest ways to make more money selling used books on Amazon. By writing a great book description, you can:

- Tell customers exactly what they want to know about your book
- Highlight special features about your book and online bookstore
- Make your used book's flaws appear attractive to the right buyer
- Attract customers who will pay higher prices for your books

Best of all, writing descriptions that sell used books can be quick and easy if you have the copywriting templates and step-by-step instructions in this eBook. Using proven techniques, I'll show you how to tailor a basic description into an eye-catching piece of copy that will attract customers, boost your sales, and make you more money online! As an added bonus, I'll reveal how writing great book descriptions can encourage customers to give you better feedback and more positive reviews which will only make your online bookstore more popular in the Marketplace! Whether you're a college student reselling your textbooks or a book collector entering the online bookselling market, you need this book! Customer Reviews

I thoroughly enjoyed this book and it's SO helpful!!! It's not too long, it's not too short and it gives the reader incredibly helpful advice. I loved the step by step guide to posting descriptions and how it taught me to be competitive when listing my books for sale. The 3 Point Inspection and the tip to add unique selling points, tracking numbers, etc. all made the process of writing descriptions for my books quite easy and I even enjoyed the fact that humor was sprinkled amongst the book which could have been a very dry read, but wasn't (thanks for the tip about Grandma's fruitcake recipe!) But my favorite part is that at the back of the book is a user friendly reference back to the description templates that Mr. Jung put together to make the entire process a painless endeavor. Plus, this guy really knows his stuff and even references his blog for further help in selling books online. This is the perfect book for ANYONE wanting to sell their books online and I can't wait to tackle my pile of books to make some much needed cash!

Great read! Michael is very thorough in describing key points in ensuring your book is listed in an effective manner on . By taking note on his advice you will be sure to catch the attention of prospective buyers for your books and will avoid being overlooked because of simple written description mistakes. Michael even provides outstanding sample templates for your book descriptions; what an amazing value all in one ebook!

.If you're like me, you've got a ton of books laying around that you're never going to read again. I've always thought about reselling them, but didn't know how to go about doing it. This is a helpful guide for someone who's reading to take that plunge.

This was a helpful "how to" book for anyone wanting to sell books on-line and make more money than they might have made had they not read this. This well organized, jargon free handbook is a

must read for anyone wanting to make a living or some extra money selling books. I wish IKEA instructions for furniture assembly were as sensible and clearly written as this most helpful little book. It's a quick read and well worth the time.

If you don't know your Fox from your USP's, this guide is for you. I've found it very helpful information for anyone getting their used books sold online. Jung gives lots of practical advice in a concise and accessible format.

This book is a must read if you are contemplating selling used books on .com Marketplace, or elsewhere. Mr. Jung has taken the basics of bookselling and compiled it into an easy to read manual. The resources alone are worth the price of the book. He clearly explains the steps required to be successful in the bookselling business just by making your book attractive to the buyer. I would recommend reading the book once for an overview, then reading a second time with highlighter in hand.

good book on writing descriptions that sell used book on . Quick and to the point. good glossary. five stars.

Presents many ways to write a for sale narrative to sell books on . He also gives examples of narratives he uses.
