Developing Helping Skills: A Step-by-Step Approach To Competency (HSE 123 Interviewing Techniques)

Synopsis

Whether you are preparing for social work, psychology, counseling, marriage and family therapy, pastoral counseling, human services, or a related helping profession, this unique book offers the fundamental knowledge and skills sets you need. The authors' multilayered learning system integrates reading, discussion, observation and visualization, practice, and evaluation. Self-assessment, critical thinking, and practice play a central role in the book's presentation as the text prepares professionals in training for generalist practice with individuals, families, and groups, including entire communities and organizations. You begin by reading the text and completing the homework exercises that follow each new concept. You then view the accompanying DVD (available for purchase) to see how to apply the skills in practice effectively. The text's case-based approach helps you think like a professional with a continuing case that is introduced one section at a time. Finally, role playing in practice interviews and completing evaluation tools allow you to assess progress and determine your personal readiness to apply your skills within actual life settings.

Customer Reviews

"This is a thorough discussion of the beginning steps in becoming an effective social worker." "The best text for teaching interview skills for social work practice, based on twenty years' experience teaching this and every practice course in the BSW curriculum."

Valerie Nash Chang, Ph.D., LCSW, LFMT, TSTA, is Emeritus Professor at Indiana University School of Social Work. An experienced professional as well as a respected educator, Dr. Chang has worked as clinician, supervisor, consultant, and trainer. She has been recognized with numerous awards for teaching excellence, including the Helen Lees Teaching Award, Faculty Colloquium on Excellence in Teaching, Teaching Excellence Recognition Award, Indiana University President's Award for Teaching Excellence, and Indiana University Trustee Teaching Award. Dr. Chang is the author of several books and has published many articles. She is a frequent presenter at national and international conferences, where she offers expertise based on more than 40 years of working with individuals, couples, and families and teaching undergraduate and graduate courses.

Sheryn T. Scott, Ph.D., Licensed Clinical Psychologist and Marriage and Family Therapist, is Associate Professor at Azusa Pacific University. Dr. Scott serves as the Chair of the Department of Graduate Psychology and is the former Director of Clinical Training. In addition to her experience as an educator, Dr. Scott draws on more than 35 years of experience as a clinician, supervisor, consultant, and trainer. Her clinical work has focused on counseling those who have experienced interpersonal violence and developing interventions for those who are experiencing relationship difficulties. She is the co-author of another book with Valerie Nash Chang and has presented numerous papers, workshops, and posters at national and international conferences.

Carol L. Decker, Ph.D., MSW, MS, is a retired associate faculty member at Indiana University School of Social Work and an assistant research scientist at Indiana University School of Nursing. Her background includes experience in both education and medical social work practice. Her work focuses on intervention programs for cancer survivors of all ages and their families. She has published several journal articles and presented her work at national conferences.

Only compatible with Kindle Mac and iphone. Not the actual kindle device nor the kindle for PC. I hate reading on a computer- after an hour your back starts to hurt. I needed this for school so I am keeping this rental even though I wish it could work on the kindle I wasted so much money on or at least my PC. Thankfully my roommate has a mac and he lets me use it when he is at work - so all the time. As for content: this book is meh. It is not that great and most of it is common sense.

Great learning tool !

If you are looking to become a counselor in all fashions you must get this book. It helps you develop

the necessary skills to counsel and you are able to build a strong foundation of skills, knowledge and values in this field.

Just received and I think I'm all ready for this coming semester. It was just like it was described. Thank you.

This book is very helpful for all Social Work students learning new skills and strategies

I thought product came with DVD $\tilde{f}\hat{A} \tilde{A} \tilde{A}_\tilde{A} \tilde{E}\tilde{o}\tilde{A} \tilde{A}_\tilde{A}$ But serves purpose

One of the best books for a Human Services Major.

Convenient! I rented this on Kindle for PC. Although I am a person who enjoys reading from an actual book, this online version was nice and worked out for me.
