Customer Reviews

Bought for grandson's birthday. He loved it. That's a five starer for sure.

The Kindle edition is a bit difficult to manage just because of the software. I like some of the newest features, but I can't seem to determine what is not functional for me just yet. It's still inspirational.

Wow this arrived the next day (on a Sunday) after I ordered! Love the book. I have another EJ book but the Easy Piano (since I was getting back into playing). I wanted something intermediate and this fits the bill.

When I double tap to enlarge the screen, the new screen does not include the song title on page 1

of each song.

Good book! Love his music and trying to learn how to play them. Some of his songs are hard to make out the words, now you know.

this is a valentines day gift. he'll love it. thank you

It brings hours of joy

Loved this!! Good piano parts!
