Ordered this book for my son doing a book report for homeschool and I was impressed at the shipment which may have been 2 days turnaround but it felt like it was here the next day! Book was in excellent, new condition. Very pleased with the purchase!

I really like this book. I have a first and second grader and we used it as a supplement during US History. It covers Washington's life from boyhood, through young adult, to soldier, general, and finally president. It gives a good, age appropriate, overview while also including some interesting details about his life. The kids and I have all found this book to be a good read.

My son loved this book. He just started 2nd grade and it was perfect for him. A lot of good historical information!

My daughter enjoyed this book. It was an easy book to read and understand. It provided a lot of information.

Great book for new readers and ESL students. It's been along while since I have much of our history and I found it very interesting and refreshed my memory. Well done!
