Weirdlings And Wildlings: A Fantasy Coloring Book (Volume 2)

Synopsis

Travel back into the unique fantasy world of the weirdlings and wildlings. It's a world filled with a variety of fairies, elves, and other curious creatures all illustrated by watercolorist, Shelah Dow. These odd beings are all splendidly detailed with one thing in common; they're all whimsical and fun. You'll find fairies that rest among flowers with dragonflies; a dragon queen with her fanciful friends flitting about; a cute robot girl with her little buddy; elegant fairies with stories to tell; and a darling little fairy girl with her best friend, a kitty cat. The designs in this book will appeal those who love dark, goth, Victorian, and steampunk fantasy creatures. You can find it all with these weird, wild fairies and friends. There are 32 new hand-drawn images in a varying degree of difficulty. Take on a challenge with some designs and then a break with a couple of the more simple fairies within. All images are individual with no repetition. Book is single-sided on 60lb medium white paper. You can color with crayons, pencils, gel pens and markers in this book. Blotter pages are included to place beneath your work. Alcohol markers and watercolor pencils may bleed, as with most coloring books. While children can enjoy many of the designs in this book, the artwork difficulty and design elements are mostly suited for teens and adults.

I must say that Shelah's books just keep getting better and better! If you bought her first *Weirdlings and Wildlings Coloring Book* then you will also adore volume 2. It is packed with all sorts of beautiful

and wild creatures ... a pure fantasy lovers delight! A must have for your coloring book collection!

Shelah is one of my favorite artist. She does not fail in her beautiful and unique works of art. I just love this book so much. Her work seems to bring out the best in my coloring. As I complete the pages I will add more photos of them.

This is a really great coloring book. Full of whimsical faeries and other humanoid creatures. If you like middle of the road difficulty coloring books, or fantasy coloring books you should really get this book. I also recommend her other Weirdling and Wildlings coloring book. Together they would make perfect gifts for the people in your life that enjoy coloring and fantasy. Designs are one sided so you don't have to worry about ruining a picture if you color with markers. That is something I really look for in coloring books as I color exclusively with markers.

Another amazing book, this artist is awesome. The pictures are beautiful and fun to color.

Shelah Dow's art is amazing and keep me busy and engaged. I find her style to be pleasing to the eye colored or stand alone in black and white. I have all of her books now and she is my Top recommendation for adult coloring books.
