## Synopsis

A collection of top-rated projects – all in one gorgeous book. At Fine Woodworking, our editors are always on the lookout for quality projects in a variety of styles that meet our standards. Those that do are featured in our magazine, on our website, in videos and some are available in print and digital plans. And now for your enjoyment, 18 of our favorite table and chair projects are showcased all together in *Fine Woodworking: Best Tables & Chairs*. Furniture to inspire and challenge you. Whatever your abilities, *Best Tables & Chairs* has a place in your shop. It's bursting with beautifully made projects that will inspire beginners to try their hand at furniture making, perhaps for the first time. For the more advanced, there are plenty of challenges to stretch your skills and advance your understanding of this fine art. Something for every taste and every skill level. From simple to sophisticated, the beautiful projects in *Best Tables & Chairs* are tempting to consider. But you can do more than look and wish. Because it also provides you with clear instruction and the detailed drawings so you can create your own masterpieces, including gorgeous pieces like these ...

- Limbert-style coffee table
- Porringer-top tea table
- Bow-front hall table
- Arts & Crafts side table
- Hayrake dining table
- Philadelphia side chair

And so much more!

## Customer Reviews

Fine Woodworking has been publishing the best woodworking information for small shop

woodworkers since 1975.

A quality book from Fine Woodworking. There are a range of really nice designs and projects in this book. The instructions are not completely thorough, so this book is probably not for the beginner, you definitely need a certain amount of knowledge to complete the projects as described, but combined with other woodworking books, this is a great addition to my collection.

This book was exactly what I was looking for. Plenty illustrations that were simple to follow. I enjoyed this book very much. I can actually use this book to create tables and chairs.

It should be useful to me.

Husband loved it
