Great MapWould buy again

If you want a map of Tampa and its North, South, and East neighbors, this might be for you. But if you are looking for a St. Petersburg map or Pinellas County in general, don't bother with this. The title makes it sound like you will get detailed views of both Tampa and St Pete. But Tampa is one full side. The back side has a few Pinellas cities chopped up with the street index. Also, 3 years may not

seem long, but SO MUCH has changed in 3 years! Where are the good, up to date maps for the map lovers of the world? Very disappointed in s lack of up to date maps!

I love maps! This is a good map. We used it and the Google maps on the iPhone and never got lost. I need a paper map to get a good overview of where I am and where I am going. I'll never just use a GPS. They are good for a backup and predicting traffic jams. Nothing beats a good paper map though.

Perfect for the information we needed. Didn't arrive on time, but handeled it well. This gave us a better view of things than on a tiny phone map.

Just what I needed Thanks

Good quality map, but from the ad I expected it to cover the St Pete/Largo/Clearwater "peninsula." Instead, it covers both north and south of there, but not them. So I didn't use it.

Has everything I needed! Just did not need Tampa, only wanted St. Pete. Still, it is a nice map. Thanks!

Did not show any areas to the east.
