My First Bilingual Book–Opposites (English–Farsi)

Synopsis

Guaranteed to enrich a toddler's vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature jobs, music, opposites, and sports. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a child's perfect introduction to exploring other cultures.

Milet Publishing is a leading independent publisher of books for children, young adults, and adults, featuring more than 300 titles in English and more than 25 languages that celebrate multiculturalism and multilingualism. They are based in Chicago.

This is the first bilingual book I've ever purchased for my daughter. I really like reading it to her, and she enjoys the pictures as well. The only issue I have with this book though is that I feel as if though there isn't enough clarity between some of the "opposite" pictures.

The illustrations are very nice. This is a good book to inspire my husband to speak to our baby in Cantonese. I like that not only Mandarin, but also Cantonese speakers can use this book. It is useful

for Chinese speaking parents to teach their American born kids. I plan to purchase more books in this series. This book does not include pronunciations for English speakers- it is best for kids who are already growing up bilingual and have speakers of both languages in the family.

We are teaching our daughter German. This is a very fun book with good pictures showing opposites.

This book is part of a series. Great pictures and concepts. Giving it 4 stars because of a misprint on 2 pages- instead of english/russian they printed english/arabic. I don't know if it's in all books.

Love these books, highly recommend. Good quality thick pages and I love the fact that they have both Russian and English on every word!

Book is in great shape, so excited to use it! LOVE THE ILLUSTRATIONS!... Thank you for helping me to keep my culture and language alive, through teaching my children German. Your books really help! I recommend for any bi-lingual family!

Perfect for my daughter's French learning :)

I like the series of books. The images are not always the best representation of the concepts, but my son likes point at the pictures. We mostly use it as a vocabulary book and not much for understanding the concept of opposites.
