His To Claim

Synopsis

“I don’t know which is worse—having your mate die or having them reject you.” Shortly after reaching maturity, Scarlett finds her mate only to face a painful rejection that threatened to cut her life short. No one told Scarlett reaching maturity would hurt this much, but she came out the other end stronger, braver, smarter, and a little less naïve. Seeking to pick up the torn pieces, she leaves her pack for a town well away from her home, far away from her ex-mate who just can’t let her go even after claiming someone else. All seems well until she wanders into Alpha Noah’s territory and she finds an unfortunate blessing. The Goddess has given her another chance at a mate—only it has to be with Noah, a demon wolf plagued by his own dark past. With tainted hands and a shattered heart that almost drove him to madness once more, he has turned ice-cold. Their wounded souls push and pull, but some things just won’t heal. Rogues have been ravaging their world, and in a war where hundreds of lives have been lost, revenge is all that’s left. Is the Goddess playing a cruel game this time? When utter carnage surrounds her, will Scarlett’s inner luna rise to the challenge? Will Noah ever get to claim her as her mate? In a world where families are pitted against families and bonds are severed as soon as they are formed, there are no guarantees. Enjoyed this immensely and had difficulty putting it down! Recommend it for a fun read at anytime. Fast paced to have you wondering what is going to happen next.

I love love love this book. It was a real pleasure to read. It made my heart ache in a good way.

Full of suspense and a definite page turner! Bought and finished it in the same day!!

Best book I've read in a long time!

I enjoyed this book. It definitely keeps you guessing and turning pages. Not to give away spoilers, but there was one person who died that I felt was unnecessary and wish was different. Also hope there is a second book because all though it ends with out a cliff hanger, I feel like it was short. We finally got to a happy place and them done.

What more can I say but you must read. Noah and Scarlett will take you on a journey that you will want to read again and again

I thoroughly enjoyed this book! Wishing for more.... It would make an excellent movie! Going to check out the website to access the additional chapters.

Loved the story and the characters! Wishing for another book :)
