My son is Star Wars crazy right now, so we couldn't wait to try this for the lightsaber mold. Our very first time using it, the sticks broke. My son was very upset. I called and got a free replacement. We handle them very gently and run warm water over them before trying to remove the pops. I was very impressed with the company's customer service. The Star Wars cookbooks have been very helpful getting my little guy to try new foods and making some all by himself:).

the kid loved this and couldn't wait to use the popsicle recipes! It's a pretty cute novelty item for any

star wars fan though and the recipes all look very good, plus they star wars theme of them all is good for a laugh

My nephew (5yrs old) absolutely loved this cookbook. He loves looking through and planning what treat we will make next. A lot of fun and the recipes are not just for kids type of treats.

As far as the popsicle molds...they are small and get even smaller after attempting to get them out of the mold. It's a cute idea and my 6-year-old loved it, but it could be better designed. As far as the recipe book...many of the recipes are not really do-able and some are cheesy. There isn't a whole lot I'll use out of that. But, I'm not sure most people would buy this, just for the recipe book. It's just kinda thrown in with the popsicle mold.

Great concept, however the Ice Saber treats tend to break in the process of removing them from the mold, even after using warm and then hot water to free them up.

Gave this to my kids for Christmas, big disappointment, won't hold water. Just leaks everywhere.

The kids love these. I just wish they were made better. I'm still working on perfecting my technique but I still break about half of them when I pull them out. The disappointed look on one kids face when the others have full ones is heart breaking. Besides from that these are great. I use sports drinks to make different color light sabers. The book is a waste of paper

Cannot get enough of this! Bought it as a Christmas Gift and they LOVED it! Perfect for that Star Wars fan in the family or a friend. All of the recipes are themed towards Star Wars.
