The Berenstain Bears Inside Outside Upside Down

Synopsis

Brother Bear gets into a box. Papa Bear turns the box upside down, takes it outside, and puts it on a truck. The simple art and rhyming text make this a perfect choice for teaching spatial concepts.Ã Â Ã Â

Customer Reviews

Brother Bear gets into a box. Papa Bear turns the box upside down, takes it outside, and puts it on a truck. The simple art and rhyming text make this a perfect choice for teaching spatial concepts.

The story is brief and funny. The words are few and easy, and have a happy, catchy rhythm. The pictures are clear and colorful clues to the text. An offspring of the world-famous Beginner Books, this Bright and Early Book is designed for an even lower age group. No matter how young your children are, Bright and Early Books will encourage their interest and delight in reading. After a little help from you, they'll soon be saying, 'I can read it all by myself!' --This text refers to an out of print or unavailable edition of this title.

This was a favorite of my kids so I'm now getting it for my grandkids. The spine of this book is just

cheap paper and it isn't going to last. As soon as the baby opens it up and sits on it, bites it, whatever it will be broken. And that's why we buy board books so they will hold up to rough play. Very disappointing. I looked at them in a store and they were this way too. I don't think a better binding is available in the board books. I give the story 5 stars and the binding 1.

Glad that there are Berenstain Bear board books so I can start my son on the series early. It is an abridged version, so don't expect tons of pages. Great quality and size.

Just a fun little book for a little guy.

Sound repetition and opposites. Great early reader

I am stocking my grandsons library up, and was so pleased to find the berestain bears in a board book! LOVE LOVE LOVE!!!

Smaller version than the original, but still useful in describing inside, outside, upside Down!

prompt shipping. didn't realize it was a small book, but it's just my granddaughter's size.

Nice, short book with few words. Basically all of the words are locations (inside, on, outside, upside down, rightside up), so it's pretty fast-paced for a little one who doesn't understand those concepts yet. Good tool to learn though?
