Customer Reviews

I bought this book to replace my 20 year old copy that has fallen apart. The cover is not accurate. The one pictured is an updated publication, not the original. Company did not have updated publication. Very helpful in choosing remedies, my favorite homeopathic publication, so far.

Hand in hand with Herbs That Heal.

Defines homeopathy and provides a summary of its benefits.Excellent read by a master at explaining things.

As usual I am not disappointed with Michael Savage's herbal book!
