The Allyn & Bacon Guide To Writing (7th Edition)

Synopsis

Grounded in current theory and research, yet practical and teachable. Widely praised for its groundbreaking integration of composition research and a rhetorical perspective, The Allyn & Bacon Guide to Writing with MyWritingLab has set the standard for first-year composition courses in writing, reading, critical thinking, and inquiry. Teachers and students value its clear and coherent explanations, engaging classroom activities, and flexible sequence of aims-based writing assignments that help writers produce effective, idea-rich essays in academic and civic genres. Numerous examples of student and professional writing accompany this thorough guide to the concepts and skills needed for writing, researching, and editing in college and beyond.

Customer Reviews

JOHN C. BEAN is professor of English at Seattle University, where he directs the writing program and chairs the Task Force on Teaching and Learning. He is coauthor (with John D. Ramage) of Writing Arguments (3rd ed., 1995) and Form and Surprise in Composition (1986). --This text refers to an alternate Paperback edition.

I understand I am only renting, I don't know why anyone would send a rental book this filthy and poor condition. If I had more time to wait to get another book I would have; but I had to have the book to do my work on time. Even after using a cover to keep myself from touching the cover and keep this book together; I am afraid to turn the pages because 1. Binding seems to be loose and

cracked 2. Today I flipped on Chapter 14 and the bottom corner seemed to have been soaked with something for some time. YUCK ! . Make sure you give yourself enough time to check the book out if you are renting because you want to use the book comfortably instead of trying to research online to avoid using this book. Request a clean book and send it back to exchange for something acceptable if you get something like what i got.

If your looking for awesome textbooks with great service then you should buy it from BUY_BOOKS_KID. The product came in excellent shape and it was the correct book. All the pages are intact with minor bents on the front cover and a couple of pages. There were no stain marks or any writing considering that it was bought new. The top and bottom of the book's spine seem to have been put under pressure that there are creases and a small tear at the top. I use it for my college starting level english class and it has taught me much about how to write better and the strategies for writing. As I know not every used book are going to be the same, as long as all the info is there, it's legible, and is the correct book for your class then it's a great buy.

Needed for an English class. The book is alright but some of the examples could be explained a lot better. But, it's a college book so having a professor there does help since I can just ask them questions. Since I just rented this, don't have to worry about keeping it around.

I chose five stars as my rating because this book does not skip over information about any given topic. Everything is orderly, easy to follow and understand, and fun. There are even examples and samples of different types of essays for students to learn from. I learned so much from this one book than I've learned in my whole educational/writing career. Using this book, I earned an A+ in my english course in college. This is the best book for students in english, language, composition, or any courses where styles of writing are required- and lots of it. Its also perfect for writers who want to hone their skills, learn the new formatting, or appeal to various audiences. Great job, thanks a bunch!

This book was a rental for college. Instead of purchasing a book only for a semester and never using it again... Renting it, is better. Just make sure you return it before the deadline. It is much cheaper than purchasing it for hundreds of dollars. (Just saying.) The only problem is, it was not the correct book. Which was my error. But, I still paid less than the books full price. My advice, if you are going to rent a book for school. (Any book!) If you are not sure, ask your professor. Many books, the

titles and covers may look like what you need, but the year or author, could be different. Again, Make sure you double check!

Dropped the class within 2 days. Online English has a heck of a lot more homework than an in-class english. Unfortunately refund was not pursued.

Good quality book. Very precise and has significantly improved my writing skills and reading/writing comprehension. I needed these for a class but I read it thoroughly outside of school and it definitely has helped improved in syntax, grammar, proper use of punctuation, etc.

Perfect for school
