Where Is The Taj Mahal? (Where Is?)

Synopsis

Learn about the love story behind the creation of the Taj Mahal – one of the most beautiful and famous buildings in the world. The Taj Mahal may look like a palace, but it's actually a tomb and a lasting testament to one of the world's great love stories. In 1612, Mogul emperor Shah Jahan married Mumtaz Mahal. It had been love at first sight and for nineteen years they were so inseparable that Mumtaz even accompanied Shah Jahan to battlefields. When she died suddenly giving birth to their fourteenth child, the emperor set about building a magnificent memorial to his wife. Everything about the Taj was perfectly planned, from the white marble walls that shimmer in the sunlight and sparkle by moonlight, to the countless decorative flowers made from precious gems that still astound visitors today. Recent discoveries at the site make this a timely account of a timeless monument. From the Trade Paperback edition.

Grand kids love this series!!!

My son (7 years old) has read the entire Who Was series. He clearly knows more than I do about all sorts of facts. I believe these books have created an amazing curiosity for my son. He digs into all facts, everything about history and loves reading. I think it's all thanks to the Who Was series.

good book.

Great historic read for young people
