Color Explosion 2018: Men By Mark Henderson

Synopsis

The calendar matching the book! Color Explosion is the culmination of a project Mark Henderson has been thinking about and talking about and creating images for almost since his photography career began. Now for the first time, this condensed work is available as a wall calendar. Mark Henderson brings last century's glorious style of nude photography into the present. Twelve months, twelve dream men. The pictures are a striking counterpoint to the images we've seen before, which were photographs with an intentionally subtle palette of whites, grays, blacks, beiges, and the like. Here, dazzling color is the primary formal motif. The expressive power of color in art, and in photography especially, has long fascinated Henderson: "Color has an immediacy, a sensory quality that can elicit emotions and instantly draw the viewer into an image," explains the photographer, a trained art historian himself.

Mark Henderson worked for many years as an art historian at a leading cultural institution in Los Angeles but is now a full-time photographer. Although he continues to work occasionally in California, Henderson shoots primarily in his home state of Texas. In addition to the coffee table books devoted entirely to his photographs, HOUSEHOLD IDOLS, SUBURBAN PLEASURES, POOLSIDE, LUMINOSITY, AMERICAN EROS, POOLSIDE PLEASURES, and LAP OF LUXURY, highlights of his work are included in MEN: TWENTY FIVE YEARS IN PHOTOGRAPHY and various anthology books published by Bruno Gmuender, including BEAUTIFUL VISION, THE MEN OF

BEAUTIFULMAG.EU, JEWELS, BRIEF ENCOUNTERS, TURN ON: TATTOOS, NATURAL BEAUTY, TRUNK SHOW, TURN ON: SPORTS, COCK TALES, TURN ON: MUSCLES, GAY PORN HEROES, TURN ON: GEAR, and BEARDS & AN UNSHAVED HISTORY. His work appeared regularly in MEN, FRESHMEN, and UNZIPPED magazines, and his images have been featured in MANNER, BEAUTIFULMAG.EU, DNA, THE MALE FORM, DISPLAY, ROMEO, WIRE, CYBERSOCKET, and other publications.

Los Angeles photographer Mark Henderson is a highly regarded artist whose images of the male nude are among the finest. Fine art photography was not always his line of approach to the arts - his education and training is as an art historian specializing in Northern and Southern European painting of the 17th century. Although Mark wouldn't characterize his photographs as particularly Baroque or directly referential to art history at all, his first-hand exposure to and close study of great works of art must surely have influenced his work in some very subtle way. Mark has occasionally traveled to the desert and other remote outdoor locations for photo shoots, but he has always drawn back to the tranquil, relaxed atmosphere of a home where he can create images in which the models can be admired, indeed idolized, in a more private and personal way. COLOR EXPOSITION is Mark's scintillating new Calendar for 2018 and takes us back to Henderson's private paradise, placing the viewer directly in the seat of his unmistakable style and perfectly showcasing one of the world's most luxurious treasures: the male body. This collection emphasizes color in accoutrements beside the models, at times with swaths of color to enhance their physical beauty. All of these models are first class and Mark's setting for them puts them directly in luxury's colorful lap. Feast your eyes on them & this time with an addendum of brilliant color.
