“Clear instructions on when and how to fill out the necessary forms.”

Forbes “Exceptionally clear”
The New York Times “A do-it-yourself bankruptcy book for people who can't afford expensive lawyers.”
Newsweek

For the millions of Americans struggling with debt, this book shows the way to financial relief

through Chapter 7 bankruptcy. It tells readers when bankruptcy will and will not help, provides all the legal information to make the right decisions in their cases, and provides step-by-step instructions on how to fill out and file the official bankruptcy forms.

I got this for a family member thinking about filing for bankruptcy by himself. He read the book from cover to cover and said it was very educational and answered a lot of his questions. It also convinced him that he needed a lawyer to file bankruptcy. Of course the government and credit card holders do not want it to be easy, so they have all kinds of sneaky little land mines thrown in to mess you up and you NEED to know that - even if you hire an attorney. One last benefit of the book is that when my bf went to the lawyer, he was self-educated and impressed the attorney with all the things he DID know, so my bf gained his respect and the lawyer worked with him and included him in everything where another lawyer might have just taken the case and done it all by himself (because he thought the client was basically a dummy). Worth way more than it cost - buy this book before filing Chapter 7 - even if you intend to use an attorney. Educate yourself.

This book is very informative. Made the process easy. Learned how to file correctly and with confidence. Would recommend this book

Helpful information

Informative

My friend said this was what he needed.

Good book, accompanying website updates are timely and useful. Haven't filed but I'd feel confident doing so using this book.

good material

No Lo press books are always very helpful. If you want to do your own filing of legal documents there isn't any source better outside of consulting an attorney. From step A to Z the information and steps you need to proceed and accomplish a legal case are before you.
