ASIN: B06ZZ6K8MY

Best Sellers Rank: #44 in Books > Audible Audiobooks > Science Fiction > Adventure #71 in Books > Romance > Science Fiction #95 in Books > Audible Audiobooks > Romance

Customer Reviews

I just love anything Bella Forrest writes. Her interpretation of this futurist world divided between two countries one run by women and the other by men has me on pins and needles. I don't know where you will take us next. This book shows women can be just as devious and mean as men.

Very entertaining book series. A touch of romantic relationships but no sex if you want to allow a teen to read the story. Fast paced and enjoyable without too much exposition or drawn out descriptions.

The story continues to heat up as the war takes form. I love the dynamic between Violet and Viggo! The new characters on the scene really add to the story. A successful addition to The Gender Game.

The Gender Plan Series popped up on my recommended reading after reading The Hunger Games & Maze Runner & other dystopian books. Enjoyed the read & looking forward to the release of book 7!

Love love love this series! I have been doing everything I can to just read! They really pull you in and take you for a ride. This one just picks up right where the last book left off and I can't wait to start the next one!

Can I just say crazy good? I read this book so fast because I hated to put it down! Viggo and Violet make as intriguing main characters along with the rest of the characters in the book. Love this book, fully captivating and can't wait for the finale!

LOVE this series. It is a great read although the first book was the best. This took a little longer to get through. I am definitely going to be reading the next installment to see what happens next!

As usual in this series, this book was full of action, very carefully drafted characters and even a little romance. Loved it and recommend it highly to others!
