Customer Reviews

I have purchased other flute with play along CD books and have never had this problem (I have been playing flute for 40 years). The music to this CD is written in the wrong key. What a total disappointment.

Beautiful sheet music for someone who plays for a hobby! f!c! â! â !!

Winds of Praise is a very useful book for our Woodwind Ensemble. The songs are good variety, and it has proved to be very adaptable. Nice piano parts, too.

I purchased this book from a Christian book store with the hopes of adding to my collection of flute books that included an accompaniment track on CD. This book did provide that, but upon listening to the CD, I was disappointed that the accompaniment seemed nothing more than an electronic keyboard with its various sound effects -which is much different than the rich orchestration I have found and loved in other resources. On a good note, this book is perfect for the beginner flautist if he or she is okay with the "canned" sounding background. The music is easy to read with very simple rhythms. If you prefer something on a more advanced level, I am suggesting a book/CD that I love. (If you like jazz, you'll LOVE this one!)
 The Power of Your Love: C Treble Clef (Flute, Oboe, Violin) (Book)

I got this for my daughter who is in the 6th grade and in beginning band. Although many of the songs are advanced for her playing ability, she is encouraged as she can play one or two of the songs. She also has her friend from a Christian school helping her learn those harder to play notes. What we like is the fact this songbook contains many songs we sing at church every week. We helped our daughter play by writing the names of the notes. She is doing great, as she continues to learn.
