Sea Glass Crafts: 28 Fun Projects You Can Make At Home

Synopsis

Sea glass connects civilization and nature, often in surprising ways. And collecting sea glass and pottery shards is more popular than ever. However, beyond simply admiring their beauty, many collectors are at a loss as to just what to do with their collections. *Sea Glass Crafts* is filled with ideas to turn your seaside treasures into home decor--inside and out, practical and decorative, whimsical and serious. From a sea glass chandelier to a shower curtain, or a sea glass wreath to a shadowbox, sea glass expert Carole Lambert covers thirty fun and beautiful projects. Step by step directions, explanations of everything you'll need, and color photographs accompany each project. *Sea Glass Crafts* is the perfect book for anyone fascinated by these jewels from the sea.

Customer Reviews

This book provides wonderful ideas and steps to creating sea glass crafts. Whether you are using it as an inspiration to create and make your own masterpiece, or if you are hoping to get detailed instructions, this book will help you use your sea glass in a unique way. I've collected sea glass for many years, and have used them mainly for decoration in a vase or glass jar. This book gave me the inspiration to start making windchimes and even some jewelry. Definitely recommend if you have a lot of sea glass sitting around and what something fun to do!

Have seen better sea glass crafts on Pinterest and Etsy. Book was not worth the \$\$ and my reimbursement on my return was only a third of what I paid for it and I am a Prime member.

Not one craft that I would like to do.....mostly all for kids. Should mention that when describing this

book. Huge waste of money for me. If you have kids and loads of sea glass, this is the book for you.

Love the different ideas in this book, gets me to try some of them. Made the flower pot from the book, came out real nice. Can't wait to try another idea from the book.

So many ideas and beautiful pictures! As a lover of sea glass, I cannot wait to jump into each every craft in this book!

Wonderful ideas for all levels of craftiness-have already planned seaglass /driftwood shadow boxes for my grandchildren, the instructions and photos are clear ,and the extra bits of info on seaglass with each project only adds to the readability of the book

Nice ideas but a few are old fashioned.

This transaction went very well. The book offers easy to follow fun ideas as well as personal comments from crafters. It is well laid out and has good photography.
