Customer Reviews

Mark Twain is the pseudonym of Samuel Langhorne Clemens (1835–1910). He was born in Missouri, USA. He travelled around America, seeking fame and fortune before becoming a successful journalist and travel writer. In 1876 *The Adventures of Tom Sawyer*, inspired by his own childhood, was published, followed eight years later by *The Adventures of Huckleberry Finn*.

I feel so lucky to have found these books (I got the Huckleberry Finn companion book, too.). My friend and I went to Hannibal, MO over the Memorial Day weekend. What a treat! That's when I learned about the Twain/Rockwell connection. The gift shop in Hannibal was selling the set in a pristine, brand new binding, etc. for \$99. I just couldn't justify the cost. But when I found these books from the original 1936 (or so) printing in these lovely sleeves, I thought I had died and gone to heaven. They are wonderful! And, combined, the two were cheaper than Hannibal's offering!

I think it is odd that this book is considered a children's book. I doubt very much it can compete with today's supernatural and flashy offerings for that demographic. The trouble is, the experience of the young protagonist will seem alien to most any child raised today who probably will never experience the freedom of just roaming the countryside, adult-free, and playing with sticks and frogs and their imagination. For me, however, I was brought clearly back to the banks of the Hudson and the woods and fields of the Stillwater, NY of my youth. Twain captures so well the endless potential of those years and it is such a shame that society has lost them. If Huck Finn is a better book in general (and it is), one cannot deny that the bloom of youth is captured few places better than in Tom Sawyer. I will say that, now that I have met Tom Sawyer, the end of Huck Finn becomes no less tiresome. It seems a parody of Tom, and does not strike one with the same sense of truth that the same behavior in this book does. Maybe I am a nitpicker. Twain is an excellent storyteller.

Everyone wants to be a kid again, well one way that I beat the system is to read books that take me back to when I was carefree, duh a kid. I loved this book back then and it's even better now. Maybe better than then because I can really appreciate the work that was put into this masterpiece. When your ready to beat time, just pick up a book like this and take a trip back. Mark Twain had a very unique way of writing and you can see in his work the details that he includes. They are rich with the time and in such a simple way draw you into the story. The vivid descriptions and yet so down to earth will let you live the drama of the moment. I have been adding to my reading list books like this because now I can really enjoy not just the story but the work. The beauty of the time and the simplicity of the characters.

It's a classic from one of our most beloved authors. What more need be said?

I ordered the Sterling Publishers March 2010 edition Illustrated by Robert Ingpen after reading a review someone left here on ...and I'm so glad I did! It's It's a beautiful edition that will make it fun to read aloud together. The book is larger than I thought it would be so if you need one to carry around, you probably don't want this copy.

First of all, Nick Offerman is a terrific narrator. Second of All Mark Twain is a terrific writer. I read this book when I was quite young, so it really didn't appreciate how well Twain writes and how funny he can be. (Tom's conversation with Huck about wart removal is hilarious.) If you haven't read this as an adult, I highly recommend you do so now. If you're still a kid, and are reading it now, put it on

your list to do it again in 20-30 years.

"He was not the Model Boy of the village. He knew the model boy very well though--and loathed him." Tom Sawyer is that fun-loving mischievous, too-curious-for-his-own-good boy who I would like to think lives inside of us all. In the Adventures of Tom Sawyer, you get to experience the exciting and sometimes unusual life of Tom in his youth. From skipping school to go swimming, to running away from home to become a pirate, Tom is no stranger to adventure. However, both Tom and his friend Huck happen to be at the wrong place at the wrong time and happen to be witnesses of a murder. He and his friend Huck truly have the time of their lives in this adventure and it makes you longing to know what happens next at every turn of the page. The Adventures of Tom Sawyer is a fictional novel set in the mid 1800s and was written in the same style as Mark Twain's other novel, Huckleberry Finn, as most words are spelled differently than their actual correct spelling. In other words, it makes you feel like you are actually living in the South and speak in the same slang-format as most Southerners. This book is fairly similar to one of Mark Twain's other novels, the Adventures of Huckleberry Finn. If you have not read the Adventures of Huckleberry Finn and you enjoy reading the Adventures of Tom Sawyer, I highly recommend that book as well. All in all, the Adventures of Tom Sawyer is a fantastic read and I highly recommend it to anyone who enjoys a suspenseful adventure.

Who doesn't love Tom Sawyer and Huck Finn? This is a great collection of "Tom Sawyer Collection - All Four Books (Illustrated + Audio links. Includes 'Adventures of Tom Sawyer,' 'Huckleberry Finn' + 2 more sequels) by Mark Twain. Great illustrations and other extras make this the collections to get. Wonderful! Five stars.
