Cannabis Cures: Healing The Body With Marijuana

Synopsis

The amazing benefits of marijuana continue to blow our minds. The medicinal qualities of this wonder plant has been influential in persuading lawmakers to legalize the drug in several states throughout America. Read along and discover several unknown illnesses treated by the "Power of the Plant". Cannabis, or marijuana, as it is commonly called, remains a popular recreational drug throughout the world. An increasing amount of proposed legislation is seeking to maintain the legality of medical marijuana, allowing for people with certain medical ailments to legally continue using this illicit drug. Existing research suggests that cannabis is a valuable resource in the treatment of a wide variety of medical applications and conditions.

Customer Reviews

I wish this went into specifically how the plant heals and helps, but it was a great list of how it helps various conditions.

A useless e-book.

very interesting

This book is too full of general info with no details of how cannabis can cure each issue of the body and mind.
