CompTIA Project+ Study Guide: Exam PK0-004

Synopsis

The bestselling Project+ preparation guide, updated for the latest exam The CompTIA Project+ Study Guide, Second Edition is your comprehensive resource for taking Exam PK0-004. With 100% coverage of all exam objectives, bolstered by real-world scenarios and the Sybex interactive learning environment, this book gives you everything you need to approach the exam with confidence. Detailed explanations and superior study tools cover and reinforce setup, initiation, planning, execution, delivery, change, control, communication, and closure, and the author Kim Heldman's twenty-five years of project management experience provide deep insight into real-world applications. Study tools include access to two bonus practice exams, allowing you to focus on areas you need further review, and electronic flashcards provide last minute review on key concepts. The Project+ exam is a first step into the complex world of project management, and serves as a springboard to the Project Management Institute's (PMI) PMP certification. This study guide helps you build the knowledge you need to be confident on exam day. Review 100 percent of the Project+ exam objectives Understand the real-world applications of each concept Gain expert insight drawn from real-world experience Access online practice exams, electronic flashcards, and more Every industry needs people who know how to deliver successful project outcomes. The Project+ exam parallels the PMI's A Guide to Project Management Body of Knowledge (PMBOK® Guide), so this smart study guide gives you a solid foundation for additional project management training and certification. The CompTIA Project+ Study Guide, Second Edition combines industry-leading expertise with Sybex resources to help you successfully begin your project management journey.

Helped me get certified at WGU

Good book.

A short, concise read that doesn't feel boring or dry. All you need to pass the test.

Awesome study material.... spend about 1-2 weeks on each chapter then test....

passed my test with ease with this tool , great book

Excellent product and service

Excellent condition. Good price.

The only book you need to pass the exam, very well explained, passed the exam on my first try. Just make sure to do the practice exams provided by the book to solidify your knowledge. Good luck!
