J.K. Lasser's Small Business Taxes 2016: Your Complete Guide To A Better Bottom Line

Synopsis

Stop overpaying on your small business taxes! J.K. Lasser's Small Business Taxes 2016 helps small business owners maximize their bottom line with straightforward, yet comprehensive guidance from the most trusted name in tax. Featuring a complete listing of all available business expense deductions, including dollar limits and record-keeping requirements, this book helps you quickly determine what kind of tax relief is available to you, and how to take it all the way down to where to claim deductions on the forms themselves. Tax facts, strategies, and the latest up-to-date information help ensure that you don't miss out on money-saving opportunities, and sample forms and checklists help you get organized and submit a complete and proper filing. You're an expert on your business, not on taxes. But you still have to pay them. Millions of small business owners pay too much because they lack the time and expertise to identify deductions designed with them in mind. This book aims to put a stop to overpayment in 2016, so you can put more of your time and money back where it belongs. Simplify tax time and focus on your business Reduce your tax bill easily and legally Find the answers that are relevant to your business Understand deductions and how to take them properly As a small business owner, your plate is full just keeping your business going. You don't have the time or energy to start a second career as a tax accountant, yet you don't want to overpay the IRS when that money could do great things for your business. J.K. Lasser's Small Business Taxes 2016 is your solution manual for a streamlined tax time and substantial tax savings.

Once again, for the sixth consecutive year, I have ordered Barbara Weltman's "annual" Small Business Taxes (2016)" book. I do it every year so that I can share the extremely valuable information with my large online Small Business network, AND understand what tax decisions I have to make for my own business. My less than \$20 investment is the BEST investment I make in my Small Business EVERY year. Thank you Barbara for once again sharing 800+ pages of

countless ways I can "save" on my tax return."SmallBizDavid"

I found this book to be very helpful and easy to read. The book was written in plain non-CPA English so a person without a financial background will be able to understand it and find useful and practical information.

Covers most if not all business transactions in an easy to understand fashion. Would have liked full tax return examples, but can't have everything for \$25. Overall good value.

This book is okay. I'm glad that I purchased, but I wanted more information about an S Corporation and a PLLC.

First chapter very good. Set the tone for what business owners should keep in mind for future tax strategies.

Very informative and useful for any business owner to stay ahead of the tax game.

Great. I have used it for years in my CPA practice. Easy to get plain talk answers quick.

This book answered a lot of my questions.
