The Boy On The Wooden Box

Synopsis

Leon Leyson (born Leib Lezjon) was only 10 years old when the Nazis invaded Poland and his family was forced to relocate to the Krakow ghetto. With incredible luck, perseverance and grit, Leyson was able to survive the sadism of the Nazis, including that of the demonic Amon Goeth, commandant of Plaszow, the concentration camp outside Krakow. Ultimately, it was the generosity and cunning of one man, a man named Oskar Schindler, who saved Leon Leyson's life, and the lives of his mother, his father, and two of his four siblings, by adding their names to his list of workers in his factory - a list that became world renowned: Schindler's List. This, the only memoir published by a former Schindler's List child, perfectly captures the innocence of a small boy who goes through the unthinkable. Most notable is the lack of rancour, the lack of venom, and the abundance of dignity in Mr Leyson's telling. *The Boy on the Wooden Box* is a legacy of hope, a memoir unlike anything you've ever read.

Language: English

ASIN: B00EFDNX4S

Best Sellers Rank: #6 in Books > Audible Audiobooks > Children's Books > Biographies & History #6 in Books > Audible Audiobooks > Children's Books > Nonfiction

Customer Reviews

Upsetting, moving, tear invoking, warmth, caring, strength of spirit, anger, and more are the range of reactions and emotions you feel reading this excellent book. Leon's personal story brings to its readers first person understanding of the devastation of Hitler and the Nazis. Their horror involved so many it is still hard to fathom.

Excellent book; very readable, although difficult in that so many experienced, yet thankfully some survived, this unforgivable life imposed upon them. May we never repeat these crimes against our

fellow man. That we need this reminder in 2017 is frighteningly too apparent.

This story is an account by a survivor of the holocaust. It is well written and explains the role Schindler had in saving this man and his family. It's definitely worth reading!

Living to tell the horror of the Nazi occupation of Poland. I'll never understand how anyone can hare Jewish people. So sad how everything they owned was just taken from them.

Amazing story of survival in spite of the murders around them...Once you think you've read all the WWII survival stories, and then you read this one and think what a miracle!

Vivid and sad. Well-written, and it strikes you how random good and back luck can be. They were horrifying times, and the books is a poignant reminder of how humanity can go off the rails and a large scale very quickly.

This is a moving and harrowing account of a family's survival of the Holocaust, thanks to Oskar Schindler's repeated interventions. While the story is riveting, it is told in the voice of the late Leon Leyson which allows the reader to envision the family as they struggle to survive mentally and physically the inhuman conditions, repeated disappointments and loss of family members. His service in the U.S. military and subsequent successful life among family and friends in California is a tribute to his optimism and mental fortitude. In addition to the story which appeals not only to young people, the book is beautifully published. Not least of all are the birds that begin on the front end paper and follow throughout at the beginning of the chapters, until the two remaining fly away on the end paper. This memoir is a work of love.

I've read so many books about the Holocaust and this was truly amazing. There is no way to read this little treasure without feeling the pain and anguish and confusion he felt as a child and then as an adult. What a blessing Leon Leyson is to the world.
