A God Named Desire

Synopsis

A God Named Desire: What If You're the Object of an Unstoppable Love? We are creatures of intense desire. We emerge from the womb longing for touch and affection. Desire pulsates within us every waking moment of our lives. Our hearts are fueled by hungry yearnings for connection, for relationship, for a sense of belonging. We plunge into life, giving ourselves away to him or her, to this or that, drinking in every promise of fulfillment. And yet, we always emerge from the quest for love still feeling a persistent and insatiable desire for something more. **A God Named Desire** is about that something more. There are some books that speak with an unusual level of clarity to the deepest issues that press the human heart. This is one of those rare books. You will never see God, or yourself, the same after the insights of **A God Named Desire** are introduced into your mind.

Customer Reviews

Ty Gibson presents a beautiful view of God in a manner that captivated me. I have grown up as a Christian however this gave me a whole new view of God. I highly recommend this book.

Extraordinary.... but then I have read two other of Ty's books and loved those as well...Not every book is for every person... but I do think that we would have a very different world if every person actually did believe and live what is shared in this book...Bottom line..."Love is the only sustainable economy"..."Love produces Life.... and that more abundantly".... Enjoy!!!

Wasn't sure what the book was about. From the first page until the end, it had my attention. I learned so much about the God I already love and can only love and serve Him more. I am purchasing more to give to friends. Excellent book.

This book is outstanding. The character of God has been sorely misrepresented for millenia and this is the best re-presentation of old truths for this time that I have come across. If you have been looking for a new understanding of God but not finding it in a dead church then this book will point you in the right direction. You will be able to see and know God - He has been right here all along. The answer is LOVE.

Thank you for this book because it tells us things we don't want to see and make us reflect on whatbreally God id to us. Blessed be Our Lord. May we live forever with Him. Amen.

One of the very best books helping us understand the true character of God. This book brings us the life changing and life saving message God wants us to have. A...MUST...READ...

A new perspective on God's love

One of the very best book I have read about the God of the bible. The author had beautifully painted a picture of God who absolutely deserve my love, adoration and worship. He really is a God worth desiring of all mankind.
