Customer Reviews

Singapore is my most fav travel destination and almost everyone visits this place as its a cheap yet beautiful travel spot for budget vacations in Asia. this book is just what i needed to read before travelling as me and my partner are both minimalists and also economical so we like to travel on a shoe string budget and this guide helped us a lot in deciding the pales to visit, things to shop, places for shopping, eateries, must try or visit locations, transport etc and explore the place without wasting mush time

I live in the states and I'm coming to Singapore to attend a conference in November and will have a free weekend before the conference starts. A friend of mine introduce me to this guide book. This book has all the essentials that I need to know while staying in the place. Including advice on the best hotels, restaurants, bars, shops and attractions.

Great travel guide
