I found this flute handbook with ease on and best of all it is exactly what my child's band teacher instructed us to purchase. No need to drive around town looking for a music store. Highly recommended instrument book.

This is a great music book for anyone wanting to learn to play an instrument, easy to understand, everything is explained wonderfully for any age to grasp its musical principles.

Band teacher requires this book, my daughter likes to play even at home.

Exactly what my daughter's band class required.

Thank you!

daughter uses it for band no complaints
