Masters Of The Matrix: Becoming The Architect Of Your Reality And Activating The Original Human Template

Synopsis

WHAT IS THE MATRIX? WHO ARE THE MASTERS?The White Winged Collective Consciousness of Nine, through the channel Magenta Pixie, bring forward this transmission at a time of great change on planet Earth.Discover the true story of our origins as an energy system, how we "lost" the original template for our destiny, and how we are now in the process of "re-membering" those lost codes. Learn how humanity may reclaim the sovereignty which is rightfully ours, bringing us back into wholeness, integration and full understanding of who we are, what we are, why we are here and what we are here to do.Spirituality, metaphysics and science merge as the sacred geometry known as the "language of light" is downloaded and decoded. The realisation and activation of these "ancient codes for a new dawn of man" is an alchemical process available to us all. Now is the time that collectively we move forward into a fully conscious ascension, and embrace the new archetype of "Master of the Matrix".

I've known about Magenta Pixie and her channeling work for many years. When I originally

discovered her YouTube videos, I didn't "get" them at all. It's obvious to me now, that I wasn't "ready" for them at that time in my life. Recently, however, I AM ready; I'm understanding a lot more and desiring to expand as a soul in a body. As a result of my resonance with Magenta's channelings, I felt compelled to read this book. I'm really grateful I did! And I'm grateful to Magenta for writing it! The book is a relatively short and easy read, however I will admit to taking my time, as I felt it was necessary for me, to read it in small chunks in order to be able to fully absorb and integrate all of the knowledge, wisdom, and information being imparted throughout. If you're interested in taking your personal healing and Ascension process into your own hands (empowerment) by developing a deeper understanding of the matrix, how it works, and how you can change it, this could be the next step for you. There are several quick and easy practices included, which makes the wisdom included, very practical for daily life. It's certainly making a big impact in my own life!

A great book requiring spiritual insight.

Great information. Thank you for writing this book. Blessings.

Life changing material. Deeply grateful to the author.

Thaanks!

I absolutely loved this book. It is not a big book but it contains volumes of relevant information for anyone interested in the Ascension process. It is in my top five list of the best. "The time has come in our current reality to awaken to the truth of our existence and to discover who we truly are. That discovery can only take place from a journey inward, to the place we call 'within' or 'inner space'. It is a journey through the vast expanse of our imagination. In this lies the key to our past, present and future and the answers to every question we have ever asked ourselves." I found the information to be very clear and the words carried a very high resonance for me. I could not ask for more than this. Thank you to Pixie Magenta, love your channels.

Sensational! This book is full of high voltage encoded information. Complex insights regarding your relationship with the Matrix - explained clearly, with simplicity. The depth of wisdom and treasures inside these pages are profound. One of the Best books available explaining the multidimensional

perspective.

An excellent read. One of the most lucid and even-handed explanations of (and solution for) the most insidious form of "conspiracy theory": the exploitative Illuminati agenda. By using easy-to-understand metaphors, this book provides a framework for understanding service-to-self exploitation phenomena. It makes the subject incredibly simple without scaring the reader. In fact, some might find part of this material somewhat dry or Old News if they have an understanding of so-called conspiracy theory. Most importantly however, the book also provides a means of delivering oneself from the exploitation which is felt on a global level, and this message is heartening and empowering without being indirect, schmaltzy, or dismissive whatsoever. The book is a fairly quick read and gives no necessary gloss or dressing to the subject of systemic exploitation. I personally have been following Magenta Pixie's work with The Nine for a few years and although I am accustomed to the language and subject matter, I believe that someone with no knowledge of the author or her spiritual contacts would benefit greatly from the concepts delivered therein. It's a real pleasure knowing that anyone who has a load of fear around the subject now has a book which can put their mind at ease. I really hope more people find out about this book.
