50 Hidden Gems In Rome

Synopsis

There is just so much to see in Rome. Everybody has heard of the absolute highlights, like the Colosseum and Vatican City, but there is much more to see. In this little guidebook you will find many of the lesser known monuments. You can find amazing places in Rome that are not filled with tourists and this guidebook will take you to all of these unknown gems. In this book I will show you the 50 most beautiful, relatively unknown places in Rome. From the ceiling of the Sant'Ignazio church to Piazza Mattei, you will discover a lot in this book. It will help you make the most out of your stay in Rome.

Customer Reviews

This book is more of a list of insider tips than a travel guide--it doesn't provide directions, maps, hours, or the other information that one expects in a guide. That said, the author's descriptions are interesting and enthusiastic, so this is a good source for finding places of interest, either a specific site or a neighborhood. Most of the sites range from ancient through the Renaissance and baroque period, although there are also some recommendations for restaurants or bars that the author

particularly likes.
