Customer Reviews

Having read lots of "guidebooks" about cities both in the states and in other countries, I can confidently recommend this book as one of the most comprehensive and usable! As residents of the Twin Cities, our household brings out this book everytime we want to know more about a building we've seen, when we want to know how late the zoo is open, or when we can't decide where to have a great dinner out. It is fun to read, very well organized by areas of the cities, and includes great information, such as history of neighborhoods and buildings, menu recommendations for restaurants, and where to find "hidden" locales. Excellent!

Unlike all the other Minneapolis guide books i saw. this one has an entire chapter about the mall of america (which is the whole reason for our trip to minneapolis), but it lists and describes many of the stores (especially the unusual and unique ones), and it has interesting facts about the mall. The book also has great maps. And the best part is, it color codes it's entries. Parks and outdoor activities are printed in green, hotels are in blue, resturaunts in red, etc. This book was a huge help in planning what to do and how long to stay.
