How To Cruise More For Less: An Ex Cruise Ship Officer Gives You The Inside Track

Synopsis

A seven-year veteran of the cruise industry shares with you all the things he learned about the true cost of cruising — and how to beat the cruise lines at their own game, Savings You Never Dreamed Of! You see, the cruise lines are in a hole — they thought the good times would never end, so they built more ships than they can ever fill. They know they can't put the fares up, because if they do you won't sail with them. So what they do is make getting on board as cheap as chips — and then skin you for everything you have once you're at sea. But when you know what they're up to, you don't have to play along! This book tells you how to get the holiday you long for at the price you want to pay - HAPPY CRUISING!
