Customer Reviews

"If there was a 'model preacher' in the 19th century, it was surely John A. Broadus of Southern Baptist Seminary. If there is a teacher of preaching in the 20th century qualified to revise Broadus' 'On the Preparation and Delivery of Sermons,' it is Vernon L. Stanfield of New Orleans Baptist Seminary. Harper and Row has shown wisdom in making this fourth edition of a classic available again. It has been number one in the field for over a century."--Dale Moody, Southern Baptist Theological Seminary

Fully revised edition of the classic guide to the art of homiletics incorporates recent helpful developments in the field.

My husband bought this book to help in writing messages and sermons as a youth pastor. He says that it has great ideas as far as organizing the content and approach. He likes that it discusses both verse by verse as well as topical styles. Although some of the writing style is definitely an older style, my husband has been able to glean from it many great ideas.

This book was the classic text for homiletics in the nineteenth century. It is interesting as a study of what preachers were being taught about preaching back then, and one can glean nuggets of wisdom, but otherwise it's a rather ponderous read. The author has a section on rhetoric that is especially helpful, even for modern preachers, who could learn a thing about the basics of communication from it. Given the almost absolute dearth of books out there that actually talk about how to actually write and preach a good sermon, this is still not a bad choice for the preacher who wants to improve at his craft.

Great. Needed for school.

John Broadus has been called the father of modern expository preaching. This book is thorough, but extremely well-organized and concise. He does a fine job of balancing theory with practical recommendations. This is a great starter book for someone looking to jump into preaching, but would also be helpful for the seasoned preacher.

Is a great book, the author is excellent but the format of the book is just like a worthless copy, no Kindle eBook format, like a bad copy in PDF file, this is the worst book I have ever bought in Kindle store. Not because of the book itself but for the ugly format of the eBook, it is not a Kindle book!!!!

I recommend this book to all of God's called preachers. It is an old classic written by a marvelous preacherman. It has been updated for those who need such things but still very good.

A very intricate and precise book on the subject. It ranks right up there with Spurgeon's Lectures to my Students.

Arrived much sooner than expected and it's an awesome read!!!
