Dr Stephen Skinner is an expert in 15th-16th century manuscripts, having edited Dr John Dee's Spiritual Diaries. He has written more than 40 books on Western esoteric traditions, as well as academic studies of the Mediaeval grimoires and Graeco-Egyptian papyri. His knowledge of the Voynich Manuscript period qualifies him to fill in the gaps in our knowledge of this amazing manuscript. Rafal Prinke is a historian and an assistant professor at Eugeniusz Piasecki University in Poland. He recently published a book on alchemical writings from the earliest times until the end of the 18th century. In 1995 he became interested in researching the Voynich Manuscript, which is how he met Renfâ© Zandbergen. Since then he has published several papers on the manuscript, some with Zandbergen. Renfâ© Zandbergen has a PhD in space flight dynamics and works for the European Space Agency. He is the creator of one of the best known websites about Voynich theories www.voynich.nu.

This was a totally new kind of book to me. Hard to review as most of the manuscript is pictures and illustrations and obviously the text is written in a language nobody understands hence why it's hard

to review. I found it interesting all the same tho
