Grade Level: Kindergarten - 3

Customer Reviews

"The cityscape really comes out with the Pop-Up New York book from Lonely Planet. There is so much magic in New York and this book really helps to portray that magic." (Go Adventure Mom)

Gave this as a part in a gift basket, along with other souvenirs, to my niece (5 year old) and nephew (2 year old) who were visiting from England. The text on the pages were simple enough for the 5 year old reader to understand and interesting enough to keep her engaged. The pop-ups kept them both entertained. The pictures were so cute. I only wish it was a little longer! I would definitely purchase this again.

Wonderful book for kids. The pop ups are great and well constructed and will last if cared for properly. The drawings are quite nice. Overall, a great book for children!!!

I purchased this for my 2 nephews, 5 & 2, they cannot wait until they are old enough to visit me in NYC. Price is great and quality excellent!

I bought this for my 4 yr old grand daughter because I thought she had enough toys, lets do a book for a souvenir. I don't remember if the dimensions were listed but it was smaller than I thought and not much to it. She enjoyed it though, so I am pleased.

so fun!

colorful and informative- my 5yr old loves these

Love it! So does my 4/5 year old

Cute little addition to my collection.
