Project Management Workbook And PMP / CAPM Exam Study Guide

Synopsis

This is the Eleventh Edition of the student workbook that accompanies the best selling "bible" of project management. The workbook contains additional problems and exercises to reinforce the concepts presented in the main text. It also serves as a self-study guide for the Project Management Professional (PMP®) certification exam to be based on PMI's PMBOK® Guide, 5E. Both as accompanying supplement to Kerzner's text and as standalone self-study guide, this workbook gives students key insights from the acknowledged world leader in project management. (PMI, PMBOK, CAPM, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.)

making it a must-have resource for developing and sharpening the critical skills of successful project management Other powerful tools by Harold Kerzner: Project Management: A Systems Approach to Planning, Scheduling, and Controlling, Eleventh Edition (978-1-118-02227-6) Project Management: Case Studies, Fourth Edition (978-1-118-02228-3)

HAROLD KERZNER, Ph.D., is Senior Executive Director for Project Management at the International Institute for Learning, Inc. (IIL), a global learning solutions company that conducts training for leading corporations throughout the world. He is the author of Project Management: A Systems Approach to Planning, Scheduling, and Controlling, Eleventh Edition and other books on project management. FRANK P. SALADIS, PMP, is a senior consultant and trainer for the International Institute for Learning, Inc. (IIL), and is the originator of International Project Management Day, a day of recognition for project managers held during November of each year. Mr. Saladis is the author of the book Positive Leadership in Project Management, based on his popular series of articles published by allPM.com, and coauthored several books with Dr. Harold Kerzner. Mr. Saladis was awarded the 2006 Linn Stuckenbruck Person of the Year Award by the Project Management Institute. He is a past president of the PMI New York City Chapter and was the chair of the PMI Education and Training Special Interest Group through 2009.

This book was very helpful in preparing me for my CAPM exam using the PMBOK fifth edition. I successfully achieved certification using this book as the main guide.

Compared to most project management workbooks, which are aimed at helping the reader pass the Project Management Institute's PMP® or CAPM® certification examinations, this workbook is aimed at helping the reader learn about actually managing projects. There are, however, 84 pages focused on passing those two exams. The other chapters offer definitions, exercises, activities, tips, and quizzes that will assist the novice project manager in understanding the background, concepts, processes, and arithmetic of project management on the job. Highly recommended.

Book was in a very good condition. Would purchase again.
