Master The Miller Analogies Test 2006 (Arco Master The Miller Analogies Test)

Synopsis

Widely used by graduate programs and law schools, the 60-minute, 120-question exam measures critical-thinking ability and knowledge of a broad range of subjects--literature, the arts, math, and science. Exclusive analogy strategies help students better understand the relationship between words and excel on this short, yet difficult exam. This effective guide features 7 full-length practice exams and more than 1,000 additional practice questions, and a bonus CD with additional practice tests.

Customer Reviews

Arco revised version has much improved than when I last used it in 1992. Scores are still in the 70s and 80s.

This product was very helpful in preparing me for the MAT. The sample tests in the book allow you to work in the same format the test is given in. It not only gives you the answers to the tests once you have completed them, but it gives an explanation of the answers. You are able to learn additional information that may appear on the test from the answers you may have missed or gotten incorrect. I feel this book gave me the information to not only pass, but to score more than enough to get into the graduate program of my choice.

This book has been very helpful for my preparation of the MAT. It is easy to follow and work the problems.
