This is one of the best books I have read. You are a great illustrator I loved this book! Good job

My son loves the books

it was awful. the whole point of this is impossible to understand since every book is a bunch of stupid ideas thrown together with no point or end. the next book features a freaking bunny?!? also evil scientists the aether that does not exist gandalf getting the dragon egg for no reason enderbrine ender zombies fainting from having a conversation.

Do not buy these books, each one takes five minutes to read, also I am on book ten and this person still hasn't ended it, and I don't think they ever will. So do not buy it is a scam.

Meh
