Andrew Fox is an illustrator/designer based in London. Specializing in character design he has worked on greeting cards, children's books and company mascots. He has published *Learn to Draw Calligraphy Animals* and *Learn to Draw Nature Calligraphy* with Rock Point Gifts.

I'm having so much fun with this book! The animals are cute and whimsical!! It's not hard to learn to draw each animal since the illustrations are very clear. I haven't had any experience with calligraphy before and I learned to draw a crab in only a few minutes! It's a great book for all ages. I bought two books for my younger cousins age 13 and 10 and I'm 23. Great book to have in the family! One

thing is that the calligraphy pen that comes with the book can be a bit tricky to use sometimes. A good friend of mine who is an experienced calligrapher recommended I get a 6mm Pilot Parallel.

very cute

The book gets five stars, but the marker disintegrated after about ten animals. The book itself is absolutely adorable and the packaging and presentation is wonderful. Too bad the marker was a loser :(I ordered a Pilot Parallel pen so I could play with it some more. And I pre-ordered the sequel. Worth the money, but don't be disappointed if the included marker is frays and gloops.

I plan to use this book to help me design a quilt with the shapes the author has created (and yes, I have communicated this idea to him, and he is definitely on board). I love the graphic shapes that are easily recognized and will continue to watch for more works by Andrew Fox.

Bought this as a gift for a granddaughter who loves to draw, do art, etc. I liked it so well that I bought one for myself to "play around with"

It was cool.....a bit more variety would have been great !ÃfÂçÃ ËœÃ Â ÃfÂ Ã Â,Ã Â•

Great instructions and pictures

Great book!
