# Guinea Pigs (Animal Planet® Pet Care Library)

## **Synopsis**

The guinea pig is a unique and endearing small animal with an intriguing history. This book is a practical resource to help the new owner develop the best care for his or her cuddly docile pet. T.F.H. has teamed up with Animal Planet™ the only television network devoted to the unique bonds between humans and animals, to present an exciting new series of family-friendly, comprehensive guides to superior pet care. Each book features newly written text from animal experts on a variety of topics, including feeding, housing, grooming, training, health care, and fun activities. Useful tip boxes in each chapter show every member of the household how to make the most out of owning a pet.

A time-tested favorite among pet owners, guinea pigs are gentle, cuddly animals that enjoy human

companionship. Ideal as family pets, these lovable little creatures are easy to care for with the right information at hand. *Guinea Pigs* covers everything you need to know to keep your new pet happy and healthy, including how to set up proper housing, basic nutrition and health care, grooming, and fun activities that the entire family can enjoy. These small pets will thrive with good care, daily exercise, and lots of love. Each book in the *Animal Planet(tm) Pet Care Library* contains original, lively text, complete with informative tips and colorful photos illustrating all aspects of pet care. Expertly written, these user-friendly guides are bound to delight the entire family.

This is the first book I purchased after getting my new Guinea Pig. It is very informative on how to take good care of your pet. I still am though, going to check out other Guinea Pig books as well to see how they compare. One thing about this book is that it talks about the "show" Guinea Pigs. Meaning how to take care of your pet when you want to enter it in a show. I just want the "pet" side of it. I dont plan to enter my pet guinea pig in a show any time soon. I actually never knew they even have Guinea Pig shows!Bottom line, good book overall, just some sections you would skip and get to the pet side of things.

I like the tips (this review is from an 11 year old girl). and stuff like that. It has a ton of really cute pictures. Beautiful cavies, and I fell more comfortable taking care of my cavy after reading it.

This book i kind of cool to have and read, but if you have Internet connection you can learn everything in this book. So its nice to have, but you really don't need it. Also for the fact that the info is on the web, this book should be much cheaper than what i payed for. I am paying for consolidating the knowledge in one book, but even that it seems like it is missing somethings.

Great information and pictures on care of guinea pigs used by my 6th-grade students for our class pets. Would recommend.

It's a good book to learn how to take care of a guinea pig. It also works when you have to find a nonfiction chapter book. Shout outs to all the guinea pigs out there. Love u Marco!!!!!!!!!!!!!! :-)

My youngest son recently received a guinea pig after researching them online. This little book has answered all our questions about how to care for "Theodore" and what his sounds and behaviors mean.

I bought this for my niece she breeds in shows guinea pigs I hope she likes it very quick shipping and delivery completely satisfied thank you

Great book. I bought the book for a gift and could not put it down. Very informative. Fasinating creatures.
