## Customer Reviews

These are just regular recipes that the author reduced down to 2 servings. For example, recipes call for 5/8 of a bunch of green onions, 3/8 of a can of pineapple juice. I never tried any because it's much easier for me to just do that myself with regular recipes that I have on hand. I've learned not to trust books that are kindle only or are only a few dollars for a hard copy.

This is the book that I have been looking for. I am used to cooking for a lot of people but has trouble in cooking portions specifically cooking for good for two persons. Now that most of my siblings are married, I am now cooking for only a few people. And since I am used to cooking for a lot of people, most of the time I have excess food and it is such a waste. The recipes listed in this book is very versatile. I had fun looking through each recipe and I can't wait to start cooking. There are also new recipes that I have learned from this book and that makes me more happy owning this book. I can't wait to start experimenting on the new recipes. This book should be bought by those who just got married and just starting their own family. This is a very practical book to buy.

For Holiday season this is a great recipe book for all times! It is a 3 in 1. You totally is amazing Kristina Newman. I never found as interesting as this box set! It is perfect for the upcoming season. I shared this with of course the chef of my life ( my husband ) and even him is amazed of the great and interesting recipes. It is a date for both of us. From Dinner Recipes, Casseroles and Slow Cooker everything is tasteful. Can't wait to get started especially with the Asian Orange Chicken! Kudos to the author!

I love love love this book!!! I was able to explore different cooking styles, I have tried cooking the two beef steak and my family loves it! They asked me the recipe and as much as I don't want to share it but they are my family.LOL I recommended this book to them and also to my friends. The other dishes that I've tried are Couscous-Stuffed Peppers and Broiled Tilapia Parmesan and they taste good!

This is a wonderful 3 in 1 book on cooking. One of the best feelings in the world is the ability to prepare a delicious and healthy meal for loved ones and with the help of this Cooking for Two Box Set, you will be able to explore three types of cooking styles: Slow Cooker cooking, Casserole and

dinner. There are step by step instruction for preparing these delicious and healthy recipes.
