Africa Bites: Scrapes And Escapes In The African Bush

Synopsis

Africa can be scary. And thrilling. Often, that's the same thing! Lloyd Camp takes you on an evocative journey through some of the wildest places in Africa as he re-lives colourful vignettes from his adventurous childhood and long career as a safari guide. This is a charming, funny, thoughtful and often hair-raising series of short stories that illustrate Lloyd's enthusiastic delight in leading his clients into the wilderness areas of Africa. Forthright yet light-hearted, Lloyd's suspenseful narrative emphasises both his love of the African bush and the courage and resilience of the Africans that he encounters in his odysseys. In the vein of Peter Allison's "Whatever you do, don't Run", these camp-fire tales are the perfect accompaniment to your own journey into Africa or simply as a series of highly engaging stories from the comfort of your own armchair at home.

Customer Reviews

Lloyd's stories are excellent and very true to life in that being foolish in the bush can cost you your life! He has sure used up all his nine lives! Lots of interesting stories and escapades - recommended.

This was an interesting series of anecdotes, but not much different from other similar guide stories.

Purchased this for my husband..he thoroughly enjoyed it!

Lloyd's love of adventure and his wonderful engagement with others shine through in this compelling collection of stories. These are stories that are full of humor, compassion, reverence for the wilds and irreverence for human behavior (including his own!). I have traveled with Lloyd in Africa and I can hear his voice in every sentence. I have seen the place where the bull elephant kicked gravel in his face!

If you are going to look at wildlife in South Africa you should read one of the books about wildlife safaris. I much prefer Peter Allison's Don't Look Behind You to this one.

I read the book in one afternoon. The stories were well written and told with humor and clarity. I could picture myself on the safari with Lloyd. As my 13 year old son said "I love Lloyd's stories" and reading these are almost as good as being there

If you like adventure, Africa and its unique wildlife, travel, safari and amazing stories, you will love this book. The author explains with humor his incredible experiences as a bush guide. exciting, hilarious, joyful.

Lloyd is the consummate guide who's worked with us four times in the past 8 years. Looking forward to our next safari! This book is full of fun and interesting stories that are best read one "bite" at a time.
